WORK EXPERIENCE

Core Member
(UX-Club,Vit Bhopal)

11/2025 - Present
As a Core Member of the Content Team in the UX Club, I play a key role in shaping user-focused communication across the club's initiatives. I collaborate closely with designers and organizers to research, plan, and create meaningful content for workshops, events, and digital platforms, ensuring clarity, accessibility, and consistency with UX principles. My responsibilities include translating complex design concepts into engaging, easy-to-understand narratives, maintaining content quality standards, and continuously refining content based on feedback to enhance overall user engagement and experience.
